Principal: Nate Yates **Grade Span:** high school -post secondary

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refer to data provided by the CDE.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Cypress School's focus is on increasing the involvement of all parents, but especially the involvement of parents of at-risk, underachieving, and chronically non-performing students with significant, 24/7 academic and/or behavioral/mental health challenges. Cypress is committed to helping school and community-based professionals work with parents to coordinate and integrate all of the services, supports, and intervention programs being provided.

Among the activities that Cypress School engages in relative to Family Outreach are the following:

- Conducting needs assessments to look at the current and desired state of parent involvement and home-school-community collaboration
- Organizing building staff around collaboration and family involvement/outreach through the school improvement process and plan
- Teaching parents about the school's academic program and how to support students at home relative to their IEP goals.
- Directly training parents to transfer critical adaptive skills and behavioral interventions into the home
- Creating Quarterly Parent Support Forums, to encourage parent participation in school activities and parent access to training and learning materials.

Types of Services Funded (Fiscal Year 2019–2020)

As many of our students have challenges with Sensory Impairments (over-sensitivity and under sensitivity to daily activities), the whole school is involved in supporting environmental and teaching method modifications. To assist our students we have an extra-large OT room with a therapy swing, rock climbing wall and OT toys and adaptive equipment to assist with our students who are confronted by sensory integration challenges. In our second OT room, we have a Lycra squeeze swing, a carpeted barrel and more toys and adaptive activities. The OT's help our students to be better learners by integrating their therapy programs into the classroom, community and home activities.

Many individuals with Autistic Spectrum Disorder have difficulty acquiring spoken language and/or augmentative and alternative communication systems, and all have needs in acquiring appropriate social use of communication. Children may have challenges with joint attention, shared enjoyment, social reciprocity in nonverbal as well as verbal interactions, mutually satisfying play and peer interaction, comprehension of others' intentions, and emotional regulation. The role of the speech pathologist at school is to evaluate the communication skills of students, explore therapeutic interventions that are the most functional and efficient for individuals, and implement therapy that will maximize opportunities for communication.

"Brilliant", "Natural with students", "Able to gently push our students to their physical thresholds while simultaneously building their self-confidence" are several phrases that come to mind when thinking of Cypress's middle school gymnastics class. After warm up the students head out to the main gym floor and each week utilize different equipment and activities, some which are: foam pit, trampolines, rings, rope swing, etc. The students and staff are all very encouraging and supportive of others as they attempt new and challenging activities.

Specialized Yoga classes and dancercise classes. Cypress rents time at a local dance studio that has an entire wall covered in mirrors. This mirrored wall is great for the students to watch themselves dance and see where their bodies are in space. Dance class is a very flexible, adaptable class where students are allowed the space and time to be creative and dance freely.
